RRH is meant to help families and individuals living on the streets or in emergency shelters solve the practical and immediate challenges to obtaining permanent housing while reducing the amount of time they experience homelessness. Rapid rehousing case management works hand in hand with participants to achieve the best results possible through a focused partnership intended to secure employment and other resources needed to stay in housing. **Rapid rehousing works for participants who dedicate themselves to communicating openly about their goals and working with the supports provided to sustain their housing.**
